# TOWN WARRANT

STATE OF NEW HAMPSHIRE.

{ L. S. } TO THE INHABITANTS OF THE TOWN OF CLAREMONT,  
 IN THE COUNTY OF SULLIVAN, IN SAID STATE,  
 QUALIFIED TO VOTE IN TOWN AFFAIRS.

YOU are hereby notified to meet at the lower assembly room in the Town Hall in said town, on Tuesday, the twelfth day of March, next, at eight o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the ensuing year.
2. To choose five persons to represent said town in the Constitutional convention to be holden at Concord on the first Wednesday of June, A. D. 1912.
3. To choose a prosecuting agent.
4. To see what sum of money the town will vote to raise to pay town officers for the fiscal year ending February 15, 1913.
5. To see what sum of money the town will vote to raise to pay incidental expenses for the fiscal year ending February 15, 1913.
6. To see what sum of money the town will vote to raise for the repair of highways and bridges for the fiscal year ending February 15, 1913, and determine how the same shall be paid.
7. To see what sum of money the town will vote to raise to pay the debts of the town.
8. To see what sum of money the town will vote to raise for the support of the town's poor for the fiscal year ending February 15, 1913.
9. To see what sum of money the town will vote to raise for the support of the Fire Department for the fiscal year ending February 15, 1913.
10. To see what sum of money the town will vote to raise to pay for the use of hydrants for the fiscal year ending February 15, 1913.
11. To see what sum of money the town will vote to raise and appropriate for street lights for the fiscal year ending February 15, 1913.
12. To see what sum of money the town will vote to raise for the expense of Memorial Day.
13. To see what sum of money the town will vote to raise for the benefit of the American Band.
14. To see what sum of money the town will vote to raise in aid of the Claremont General Hospital.
15. To choose a committee for Stevens High School for the ensuing year.
16. To determine the rate of discount the town will allow persons paying their taxes within such period as the town may designate.
17. To choose three members of the Board of Trustees of Fiske Free Library, to serve for the term of three years.
18. To see if the town will vote to raise the sum of Fifteen Hundred Dollars (\$1500.00) for the support of the Fiske Free Library, to be applied agreeably to the contract with Andrew Carnegie and Samuel P. Fiske.
19. To see if the town will vote to instruct the Selectmen to appoint a board of three commissioners who shall have full charge of the cemeteries in town, sell burial lots and make conveyances of the same, collect the pay, and use the money for the improvements of said cemeteries, and also authorize said commissioners to use the money

now on hand which has been raised from the sale of lots, and also raise and appropriate an additional sum of money for the improvement of said cemeteries.

20. To see if the town will vote to raise and appropriate the sum of \$2586.76, to meet payments maturing on or before November 1st, 1912, of principal and interest, on notes issued by the School District to pay for new school building.

21. To see what sum of money the town will vote to raise and appropriate for the support of Stevens High School for the ensuing year.

22. To see what action the town will take in relation to rebuilding Pleasant Street from the Square to a point near the intersection of School Street and raise and appropriate money therefor.

23. To see if the town will vote to raise and appropriate a sum not exceeding Six Hundred Dollars for the purpose of rebuilding the culvert near Draper Corner on West Pleasant Street.

24. To see if the town will vote to raise and appropriate a sum not exceeding Three Hundred Dollars for keeping clean Pleasant Street, Tremont Square and other Streets.

25. To see if the town will vote to raise and appropriate a sum not exceeding Three Hundred Dollars for the purpose of fitting up the room in the upper story of Library Block for the use of the Hook & Ladder Company.

26. To see if the town will vote to instruct the assessors to issue a printed report of the appraisal of real estate of 1912, the same as was issued after the reappraisal in 1908, and raise and appropriate a sum not exceeding One Hundred and Twenty-five Dollars for payment of the same.

27. To see if the town will vote to raise and appropriate a sum not exceeding One Hundred and Fifty Dollars to establish a Watchman's system for the Police Department, the boxes to be located as follows: Corner of Pleasant and School Streets, corner of Franklin and Sullivan Streets, Crescent Street near the Monadnock Mill office, corner of Wall and Meadow Streets, Broad Street near entrance to the alley in rear of Post Office, also at the Lower Village at the corner of Union and Main Streets, and the corner of North and Elm Streets.

28. To see if the town will vote to place a hydrant at or near the junction of Broad and South Streets, and raise and appropriate money therefor.

29. To see if the town will vote to place a street light at the junction of Broad and South Streets, also at or near the junction of Summit Road and Grove Street.

30. To see if the town will vote to authorize the town treasurer to receive from A. C. Stone, treasurer of the so called Old Home Week Association, whatever funds may be in his possession belonging to said association, or to decide what disposition shall be made of them.

31. To see what action the town will take in regard to purchasing helmets for the firemen and raise and appropriate money therefor.

32. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars for the purpose of oiling such portions of the State highways already built, as may be deemed advisable by the highway agent.

33. To see if the town will vote to purchase a steam boiler with such attachments as may be necessary for the purpose of thawing out catch basins in the highways of the town, and raise and appropriate money therefor.

34. To see if the town will vote to raise and appropriate a sum not exceeding \$325.00 to be used to paint the Town Building, replace the carpets in the Opera House, and to clean the outside of the building and protect the same from doves.

35. To see if the town will vote to instruct the Board of Engineers and Selectmen of the town to purchase a combination chemical fire apparatus for the use of the town, and to borrow money on the credit of the town in a sum not to exceed \$5500.00 to pay for the same.

36. To see if the town will vote to increase the protection of the town from fire, and to see what sum of money the town will vote to raise and appropriate therefor.

37. To see if the town will vote to extend its water service from Maple Avenue Park to Claremont Junction and provide two hydrants.

38. To see if the town will vote to instruct the Fire Engineers to establish regulations regarding the removal of combustible material from the vicinity of buildings in accordance with the provisions of Chapter 115, Section 12, of the Revised Statutes.

39. To see if the town will vote to appoint an inspector of buildings, and if so, appoint such an inspector, prescribe his duties and fix his compensation. Also, to see if the town will vote to prescribe regulations for the construction and maintenance of buildings in accordance with the provisions of Chapter 136, of the Laws of New Hampshire of the year 1903.

40. First.—To see what action the town will take in regard to increasing its water supply.

Second.—To see if the town will authorize its Selectmen and Water Commissioners to purchase, or take by right of eminent domain, any lands that may be necessary and that are contiguous to any of the existing reservoirs, or any lands that may be used to increase the water supply of the town, and raise and appropriate money therefor or borrow the same on the credit of the town.

41. To see if the town will vote to discontinue as a highway that part of Lenven Street, so called, and its branches extending from the easterly boundary of the land of the Sullivan Machinery Company, westerly to the easterly boundary of the land of the Maynard Shoe Company.

42. To see if the town will vote to have a complete invoice of the property of the water department made for the information of the town.

43. To see what sum of money the town will vote to raise and appropriate to pay the salary of the Justice of the Police Court.

44. To see what action the town will take in relation to sprinkling the streets of the town.

45. To see if the town will vote to give the free use of the Town Hall at three different times during the year, of the Opera House once during the year, when not otherwise in use, to the Ladies' Union Aid Society for the benefit of the Claremont General Hospital.

46. To see if the town will vote the Fire Department the free use of the Town Hall one such night as they may desire to hold their annual Fireman's ball when the hall is not previously engaged.

47. To see if the town will vote the American Band the free use of the Town Hall such times as may be selected to the amount of One Hundred Dollars, when the hall is not otherwise engaged.

48. To see if the town will vote to place four incandescent lights along Maple Avenue between Wilson's crossing so called, and Claremont Junction.

49. To see if the town will vote to appoint a treasurer for the Water Department of the town of Claremont.

50. To see if the town will vote to instruct the Water Commissioners to inventory each year, ending December 31, all stock and material on hand.

51. To see if the town will vote to instruct the Selectmen to make a settlement with the Water Commissioners each year, for the purpose of showing the true bookkeeping standing between the town of Claremont and the Water Department.

52. To see if the town will vote to instruct the Selectmen or Highway Agent, to hire teams to draw gravel by the yard to be used on the highway.

53. To transact any other business that may legally come before said meeting.

Given under our hands and seal this the twenty-sixth day of February, Nineteen Hundred and Twelve.

A. W. HAWKES } Selectmen  
O. S. BUGBEE } of  
L. H. COLBY } Claremont

We hereby certify that on this twenty-sixth day of February, 1912, we posted a copy of this warrant at the Town Hall, the place of meeting within specified, and a like copy at the Post Office, public places in said town, and deposited this warrant with Hiram G. Sherman, Town Clerk, of said town.

A. W. HAWKES } Selectmen  
O. S. BUGBEE } of  
L. H. COLBY } Claremont

A true copy attest:

A. W. HAWKES } Selectmen  
O. S. BUGBEE } of  
L. H. COLBY } Claremont

## To the Public

---

The Selectmen herewith present to the citizens of the town of Claremont their report of the financial affairs of the town for the year ending Feb. 15, 1912.

We are glad to be able to state that the debts of the town are being paid. \$12,330 12 has been paid this year. If the tax rate can be kept at \$2 00 or \$2 05, and from five to eight thousand dollars of the town debt is paid every year, it will be reducing its indebtedness fast enough.

The Selectmen are of the opinion that the highway department should have at least \$2,000 00 more money appropriated than heretofore, for the reason that we are constantly laying out new streets and the people are demanding better and more expensive roads.

We are sorry to be obliged to report the condition of the Broad street, or upper bridge, so called, as being inadequate for the heavy traffic passing over it, and sooner or later this bridge will have to be replaced by a heavier structure. For the protection of the town we have posted this bridge, limiting the loads which the town will be responsible for to three tons.

We have no apology to make in regard to Pleasant street, but in justice to ourselves will say that the Selectmen were all ready to put this street in proper condition as soon as the frost was out of the ground last spring, but when we found that the Odd Fellows wanted to dig a ditch from 12 to 15 ft. deep for their sewer pipes, and the Water Works wanted to lay new pipes, and the Telephone Company wanted to put their wires under ground, we were convinced that these ditches must have time to settle before a surface could be placed upon the street that would be satisfactory. We see no reason now why the street cannot be repaired as soon as the weather will permit this spring.

Permission was granted by the Governor and Council

to finish a piece of state highway on the West Claremont road near the house of Joseph Goulett, which was laid out last year. Seven hundred feet was straightened, drained, and covered with a heavy coat of gravel thoroughly rolled with the steam roller.

The next piece of road repaired was on Chestnut street beginning at the railroad crossing and extending as far as the Chase place so called; a distance of 1,500 feet was graded and graveled, a cement wall with an iron railing was built near the railroad crossing, and a fill made which brought the sidewalk on a level with the street. Four catch basins were placed along the line with 10 in. pipes running across the street and connecting with the main pipe on the north side of the street, thus making ample provision for the water. This was an expensive piece of road to build on account of the long distance which the gravel had to be hauled.

After the completion of this job work was taken up on the Alden flat, beginning at the point on the Unity road where the work stopped last year. Fifteen hundred feet of this road was covered with gravel and ample side ditches made. It was planned to build a reinforced cement bridge over the brook running across this piece of highway, but on account of the lateness of the season it was thought best to postpone the work until another year. All the state highway work has been done by E. C. Lewis, the local highway agent, as superintendent.

The total cost of the three pieces of state road built in 1911 was \$3,767 91. For itemized account see "Permanent Improvement of Main Highways."

The question of keeping our state highways in repair is a very serious one, and those having them in charge are of the opinion that they will be the most expensive roads to keep in good order. \$906 65 has been expended this year on the Charlestown road, 4,000 feet of which was re-surfaced with gravel and rolled down with the steam roller. All kinds of oils are being recommended for this work, and the Selectmen would suggest that the sum of \$500 be raised and appropriated for this purpose at the coming town meeting.

Agreeably to a vote of the town an office and workshop has been fitted up in Library Block for the use of the Claremont Water Works. This makes permanent quarters for the Superintendent and Water Commissioners, it also places a new value upon Library Block as a renting

property. For itemized account see "Water Works Office."

At the annual town meeting of 1911, the Cemetery Commissioners and Selectmen were authorized to purchase all or a part of the timber land on the easterly side of Mountain View cemetery. After making surveys and going over the matter very carefully, it was decided to purchase a small tract of pine land opposite the Ball place. A deed of this land was obtained of Prescott Putnam for \$260, and was paid for from money in the treasury. This, with what timber land the town already owned on the easterly side of the cemetery, will give sufficient protection from an unsightly view.

By vote of the town a spraying machine has been purchased for the suppression of the gypsy moths, brown tail moths and elm beetles. This sprayer has proved to be of great value to those who have availed themselves of its use. The only disadvantage we found was the fact that citizens who have cleaned their premises of these moths found that their neighbors did not use the machine, consequently the moths were not entirely exterminated. It is hoped that the citizens will spray their trees more generally this coming season. For report see "Town Sprayer."

All of which is respectfully submitted.

A. W. HAWKES,	}	Selectmen of Claremont.

## Superintendent's Report

FROM JAN. 1, 1911, TO JAN. 1, 1912

Main pipes have been laid as follows:

- In Bailey Ave., 293 ft. of 6 in. pipe.
- In Belmont Ave., 70 ft. of 1 in. pipe.
- In Central St., 84 ft. of 6 in. pipe.
- In Dexter St., 30 ft. of 1 in. pipe.
- In Ellis Ave., 191 ft. of 1½ in. pipe.
- In Elm St., 36 ft. of 6 in. pipe.
- In Elm St., 98 ft. of 1¼ in pipe.
- In Federal St., 60 ft. of 2 in. pipe.
- In Grand St., 349 ft. of 2 in. pipe.
- In Hartford St., 57 ft. of 1¼ in. pipe.
- In Main St., 200 ft. of 6 in. pipe.

In Main St., 72 ft. of 8 in. pipe.  
 In Maple St., 57 ft. of 6 in. pipe.  
 In Park Ave., 678 ft. of 2 in. pipe.  
 In River St., 380 ft. of 1½ in. pipe.  
 In Ridge Ave., 177 ft. of 1½ in. pipe.  
 In Spofford St., 105 ft. of 1 in. pipe.  
 In Spring St., 98 ft. of 1 in. pipe.  
 In Wall St., 141 ft. of 1½ in. pipe.

Number of ft. of 8 in. pipe laid during the year	72
Number of ft. of 6 in. pipe laid during the year	678
Number of ft. of 2 in. pipe laid during the year	1,087
Number of ft. of 1½ in. pipe laid during the year	889
Number of ft. of 1¼ in. pipe laid during the year	155
Number of ft. of 1 in. pipe laid during the year	303

---

Total number of ft. of pipe laid during the year 3,184

Main pipes have been taken out as follows:

In Bailey Ave., 293 ft. of 2 in. iron.  
 In Central St., 84 ft. of 4 in. cement.  
 In Elm St., 36 ft. of 6 in. cement.  
 In Main St., 272 ft. of 6 in. cement.  
 In Maple St., 57 ft. of 6 in. cement.  
 In Wall St., 141 ft. of 1 in. iron.

Total number of ft. of pipe taken out during the year 883

Main pipes in use Jan. 1, 1912, are as follows:

267 ft. of 24 in. cement  
 8,327 ft. of 12 in. cement  
 8,132 ft. of 8 in. cement  
 13,010 ft. of 6 in. cement  
 11,318 ft. of 4 in. cement  
 444 ft. of 16 in. cast iron  
 689 ft. of 12 in. cast iron  
 2,006 ft. of 10 in. cast iron  
 8,153 ft. of 8 in. cast iron  
 26,143 ft. of 6 in. cast iron  
 8,028 ft. of 4 in. cast iron  
 12,179 ft. of 2 in. wrought iron  
 9,401 ft. of 1½ in. wrought iron  
 3,215 ft. of 1¼ in. wrought iron  
 1,560 ft. of 1 in. wrought iron

Number of ft. of cement pipe	41,054
Number of ft. of iron pipe	71,818

---

Total No. of ft. of main pipes 112,872  
 equal to 21 miles and 832 ft.

Street gates set during the year as follows:

Bailey Ave., 1 6 in. gate  
 Central St., 1 6 in. gate  
 Ellis Ave., 1 1½ in. gate  
 Elm St., 1 6 in. gate  
 Federal St., 1 2 in. gate  
 Grand St., 1 2 in. gate  
 Main St., 1 6 in. gate  
 Maple St., 1 6 in. gate  
 Park Ave., 1 2 in. gate  
 River St., 1 1½ in. gate  
 Ridge Ave., 1 1½ in. gate  
 Wall St., 1 1½ in. gate

Number of street gates set during the year 12

Street gates discontinued during the year as follows:

Bailey Ave., 1 2 in. gate  
 Maple St., 1 6 in. gate  
 Wall St., 1 1 in. gate

Total number of street gates Jan. 1, 1912 256

Total number of blow-off gates Jan. 1, 1912 7

Number of public hydrants added during the year 3

Number of public hydrants Jan. 1, 1912 83

Number of private hydrants Jan. 1, 1912 28

Total number of hydrants Jan. 1, 1912 111

Number of services added during the year 26

Total number of services Jan. 1, 1912 1,088

Number of meters added during the year 69

Total number of meters Jan. 1, 1912 548

Total number of leaks in main pipe during the year 0

Water was supplied from the wells during the year, 14 days

Total number of gallons pumped 5,892,240

Average amount used per day from wells 420,874 gals.

Respectfully submitted,

JAMES L. RICE, Superintendent.

## Water Works Office

The Selectmen and Superintendent of the Water Works were authorised to borrow on the credit of the town a sum not exceeding two thousand dollars, for the purpose of fitting up an office and work shop in Library Block, for the use of the Claremont Water Works.

The expense of this work has been paid for out of money in the treasury.

The total cost is as follows:

1911 NO. ORDER

239-291-398 Paid Hira R.

Beckwith as per contract \$1,738 00

For plans and specifications 43 45

Nov. 27 810 Claremont Water Works for labor and material used in putting in counters, closets, lavatory, grill for counter and door, sheathing, paint, fixtures, etc., not included in Beckwith contract

CR.

1912

Feb. 15 Received interest on town notes Nos. 32 A, 34 A, 43 A, 46 A, 47 A, 50 A, 53 A, 54 A, 56 A, and 59 A	\$ 804 86
---	-----------

DR.

1912

Feb. 8 Paid treasurer of school district	\$ 804 86
---	-----------

Ten thousand five hundred dollars (10,500 00) of this fund was loaned secured by mortgages on western real estate. There has been collected and invested in town notes \$7,409 19, leaving a present deficiency of \$3,099 81, which will be materially reduced by the proceeds of the sale of the G. W. Wood land. This land has been sold for \$800 00 and the deed executed by the Town, payment to be made in installments of \$200 00, the first of which has been received.

## Fiske Fund

## Stevens Fund.

## CR.

Received from town treasurer	\$ 4 76
------------------------------	---------

## DR.

Paid taxes for 1911	\$ 4 76
---------------------	---------

Ten thousand dollars (\$10,000 00) of this fund was loaned secured by mortgages on real estate. There has now been collected and paid to the Trustees \$8,960 36,

leaving a present deficiency of \$1,039 64, which should be materially reduced from the sale of the Bird land belonging to the fund, on which there was originally loaned \$600 00. For particulars of the entire fund see report of Board of Trustees.

### Stevens and Healey Fund

Report of the treasurer of the Trustees of Paran Stevens and Helen R. Healey funds as follows:

The amounts of these funds remain the same as last year:

Stevens fund	\$86,050 00
Healey fund	71,420 00
	<hr/>
Total	\$157,470 00

These funds are invested in the Claremont Water Supply Bonds, and the town allows 4 per cent. interest to the Stevens High school, toward defraying the current expenses

Amount of income received during year	\$6,297 55
Amount paid to treasurer of Stevens High School Com.	6,290 00
Balance in treasury	7 55

O. B. WAY, Treasurer,

Claremont, N. H., Feb. 15, 1912.

GEORGE H. STOWELL,

Treasurer of Com.

The use of the library during the past year by the people of the town shows a gratifying increase, up-to-date books of travel, sociology and religion being particularly in demand.

New books to the number of 385 have been added to the library, 228 of these by purchase, 155 by gift, and 2 by exchange. Among those purchased are two volumes supplemental to the American Encyclopedia.

Gifts the past year also include 4 of the popular monthly magazines and 3 weeklies, Littells Living Age which has been kept nearly up to date by the friend who gave the volumes last year, 2 bound volumes of the Town Report presented by the selectmen making the file complete from 1864 to date, and the continued gift of the two local papers by the publishers as well as their courtesy in publishing the list of books when new ones are added, all of which are duly appreciated.

IRA G. COLBY,

Secretary Trustees Fiske Free Library.

		for year ending Feb.		
		15, 1912	277 47	
				<hr/>
				\$1,059 91

Commencing with April 1, 1905, an arrangement

was made with the town weigher based upon a sliding scale, whereby he was to receive for his services 85 per cent. of the gross receipts until such percentage equaled two dollars per day together with office expenses, after which he was to receive 25 per cent. of remaining gross receipts for the balance of the year.

On Oct. 1, 1909, the prices of weighing were reduced to those which follow:

2,000 lbs. and over	10c. per load
1,000 lbs. and less than 2,000 lbs.	7c. per load
500 lbs. and less than 1,000 lbs.	4c. per load
300 lbs. and less than 500 lbs.	3c. per load
Less than 300 lbs.	2c. per load

## Police Department

### REPORT OF SUPERINTENDENT

Total number of arrests for year ending Feb. 15, 1912, ninety-two (92), classified as follows:

Drunks	34	Assault	11
Illegal sale of liquor	7	Furnishing liquor	1
Forging checks	3	Arson	1
Larceny	8	Violating school law	1
Violating auto law	1	Violating game law	6

Fraud	1	Adultery	1
Obtaining goods falsely	2	Indecent exposure	1
Slander	2	Peddling without license	1
Disturbing the peace	6		
		Total	92

Arrests made for officers from other towns	4
Cases investigated where no arrests were made	73
Committed to State Hospital	1
Lost children restored to their homes	9
House fires attended by the police	9
Number of tramps given lodging at police station for the year ending Feb. 15, 1912	330

Respectfully submitted,

FREDERICK M. GUNN, Supt. of Police.

## Report of Board of Health

---

Your Board of Health respectfully submit the duties incumbent upon them during the past year.

No general epidemic has prevailed of any ailment over which they have not had authority. During the past year there have been the following cases reported and quarantined: Tuberculosis 1, typhoid fever 3, diphtheria 2, infantile paralysis 3, scarlet fever 24.

Only one death resulted in illness from all the above. Many of the cases of scarlet fever were so light that recoveries were quick. In all such families a thorough fumigation was made, and no spread of the disease occurred.

Your Board of Health regret that the facilities afforded by the town dump are much abused, certain people paying no heed to the signs directing the way to same, and leaving their loads strewed along the road in a manner which leaves the refuse in much worse condition than its original location. Efforts have been made to give proper directions and no reasonable excuse can be given for not complying with the regulations of the State and Town authorities.

Respectfully submitted

GEO. A. ROWELL  
RUFUS L. HOWE  
CHAS. B. SPOFFORD, Clerk.

# Stevens High School

## Committee Report

To the Citizens of Claremont:—

With an income \$1,100 less than the year before, your committee was obliged early to face the problem of extraordinary economy and retrenchment. Moreover, since teachers had already been engaged for the remainder of the school year, the entire saving in this direction had to be made in the latter half of the financial year,—that is, from September to February.

### CHEAP TEACHERS NO SAVING

Several plans for economizing were considered by the committee, whose determination it was by all means to keep within the appropriation granted in town meeting. Cheaper teachers might be found, but this suggestion was quickly rejected, since a cheap teacher is as certain to have serious "outs" as is a cheap horse, and in the end will prove a costly bargain. We believe that a teacher good enough for the boys and girls of our community must be thoroughly trained for the work of instruction, and must also be possessed of such habits and character as we are willing to see imitated by our children. Teachers of this description are in such general demand that they must be offered fair salaries if they are to be secured.

### UNWISE TO LESSEN NUMBER OF COURSES

There are three curricula or courses of study offered to students in the High school,—the Academic, the General, and the Commercial. The first two are a result of the condensation of three or four courses formerly given, and neither of these courses can very well be omitted or diminished. The third course, the Commercial, has now

been in operation since September, 1909, and has seemed to meet an actual need of many pupils. Instruction in this course has been increasingly in demand. To abolish this course would have been unfair to those who had already started upon it, as well as to those who were counting upon taking it.

### NUMBER OF CLASSES TO A TEACHER

The plan of reducing the number of teachers and assigning more work to each one, was also considered. But there is obviously a limit to the number of classes that can be successfully conducted by a teacher in one day. The best authorities on high school management have set this number at six: in fact, certain states which exercise regulation and inspection of their high school systems, refuse to approve a high school in which any teacher has more than six classes a day. This standard had already been adopted for the Stevens High school, where each teacher had the equivalent of six classes a day in regular recitation work, besides extra duties such as taking charge of pupils during study hours. The committee did not wish either to reduce the efficiency of the teaching force or to increase the difficulty of retaining good teachers.

### TEMPORARY OMISSION OF CERTAIN STUDIES, THE PLAN ADOPTED

Having canvassed the situation pretty thoroughly, your committee decided to withdraw certain studies *temporarily* from those regularly offered to pupils, with the hope of being able to resume instruction in these studies another year. This plan has enabled the school to get along the present year with a principal and six assistants of the seven assistants usually required. Pupils desiring instruction in the German language, advanced mathematics, and English history, have been required to take other studies in their stead, but the studies mentioned cannot well be permanently omitted from the school's program. For similar reasons of economy, the subjects of music and drawing were suspended for the time being. The committee desires to have it understood that neither they nor the Principal believe in the permanent omission from the high school of music or drawing, whose impor-

tance among high school studies is widely recognized and unquestioned. If these studies are resumed in the High school another year, as they should be, each student in the school will still have had an opportunity to receive instruction in these branches during three out of his four years in high school.

### AIM OF THE SCHOOL

To secure the approval of the State Department of Public Instruction, while not the highest aim of the school, is nevertheless very necessary. It is likewise necessary that the school should prepare students to go on with their education in higher institutions. In fact the High school has reached these standards, and will easily maintain the approval, both of the State Department and of the College Entrance Certificate Board, if it is permitted to continue striving for its greater purpose and ambition—to make intelligent, clear-headed, broad-minded and loyal citizens. If the school can do this for the great majority of its students, the town can well afford to pay its small share of the necessary cost. It should be an incentive to the town in its support of the school, that the student body themselves are apparently beginning to grasp more eagerly than ever before at the opportunities that are offered them in Stevens High school.

### PERMANENCY IN TEACHING FORCE

The school could be rendered more efficient if it were able to keep its teachers longer. It so happened, partly as a result of the attacks upon the school's budget at last town meeting, partly for other reasons, that the High school actually lost five of its eight teachers last June, and narrowly missed losing others. In place of the five teachers who resigned, only four new ones were engaged, —making a total teaching force of seven, including the Principal. If the school is to be equipped for work in all departments, another teacher will be needed next year, besides special instructors (working part time only) in drawing and vocal music.

### FREQUENT REPAIRS NEEDED ON AN OLD BUILDING

Whatever may be thought of the adequacy of the present building for high school purposes, it is obvious

that the necessary repairs and upkeep of a building forty years old, subjected to the daily wear and tear of school use, involves considerable expense. At the present time, the stairways need new treads, and the floor of the assembly hall needs extensive repairs. Parts of the interior of the building require painting. Storm windows and window shades must be provided for the new laboratory.

### FAULTY HEATING

The heating plant of the school consists of two hot air furnaces and two steam boilers. This plant of four heaters is necessarily expensive to run, and always will be. But with all the expense for coal, the result should be a comfortable building. As things stand at present, however, the newer parts of the building cannot be heated within fifteen degrees of where they should be, in severe weather. Certain readjustments, tending to co-ordinate the various parts of the heating system, should be made before another winter. Also the great leakage of cold air about the window casings and at other points should be stopped.

Additional equipment is demanded for the school-rooms, including clocks, dictionaries, reference books for the departments, a few maps, and some additional apparatus for the laboratory.

### AMOUNT NEEDED, \$3,500

The donors of the high school fund undoubtedly intended it to relieve the town of some of its burden of taxation; but their primary purpose was rather *to enable the town of Claremont to offer to its sons and daughters better educational opportunities than they could otherwise receive*. These generous patrons of the school realized that the future welfare of the town could best be assured by the maintenance of good schools for the training of citizens. Your committee does not believe that the people of Claremont are going to fail in their obligation either to their benefactors or to their own sons and daughters.

If the school is to be conducted on the same lines and with the same limitations as at present, an appropriation of \$2,500 is the lowest possible amount with which the school can be run. If, however, the desired courses are to be taught and proper repairs made, as outlined in this

report, the committee requests and earnestly recommends an appropriation of \$3,500.

Signed by the Stevens High School Committee,

HENRY C. SANDERS, JR.,  
CHARLES T. ROSSITER,  
GEORGE A. TENNEY,  
R. A. QUIMBY,  
IRA G. COLBY.

## Chief Engineer's Report

---

During the year ending Feb. 15, 1912, there were eleven bell alarms for fire, as follows:

March 14, 12:03 a. m., box 23, Burns' shop on Main street.

March 25, 12:20 a. m., box 37, High street school house.

April 12, 7:20 a. m., box 12, Monadnock Mills.

April 14, 12:03 p. m., box 14, Story house, Dexter Hill.

June 30, 8:20 p. m., box 14, Quimby block, Washington street.

Sept. 13, 7:05 p. m., box 33, Jarvis house, West Claremont.

Oct. 24, 8:45 a. m., box 14, Beaudry block, Lincoln street.

Dec. 14, 11:50 p. m., box 32, Ice Company's house, Washington street.

Jan. 29, 1:30 p. m., box 27, Waite house, Chestnut street.

Feb. 11, 7:55 a. m., box 13, Cole's bakery, Pleasant street.

Feb. 11, 3:45 p. m., box 12, Monadnock Mills.

There were 28 still alarms, which does not include the brush or forest fires, which now come under the supervision of the State Forestry Commission.

Chimney fires caused most of the still alarms which are a means of saving the expense of regular alarms.

There have been four bad fires during the year, one causing the loss of life. The first was that of the Burns machine shop on Main street, March 14, at 12:03 a. m. This was a very difficult fire to handle as the slate roof confined the flames, and the wood, saturated with grease and oil, proved fuel to the fire that swept through the building rapidly.

The second bad fire was the High street school house, at 12:20 a. m. This fire had a good start before the department arrived, and the flying brick, slate and timber made it dangerous and difficult to fight.

The third serious fire was that of the Story house on Dexter Hill, when Henry Story, the occupant, lost his life. This fire, confined practically in the rear room, could not be gotten at, for the flames from the abundance of old paper in the room drove back any attempt to enter. It was supposed that Mr. Story had left the building, and every effort was made to ascertain if it was true, but not until the side of the building was torn off was it discovered that he lay on the lounge in the room where most of the fire was. He was dead before he was discovered.

The fourth fire of consequence was that of the Oscar Smith property on Pleasant street, Feb. 11, at 7:55 a. m. This property is in close proximity to that of F. M. Spaulding & Co., and B. M. Jewett, there being but a narrow alley separating the buildings.

The L of the dwelling house which reached over the bakery acted as a draft tunnel and carried the fire all ways, and but for this the blaze could have been confined to one building. Good judgment and creditable work was done here in saving the Spaulding and Jewett property, it only suffering a slight blistering of the paint. At this fire the thermometer registered from 16 to 20 degrees below zero. Two firemen were overcome, one from smoke and the other from cold and smoke.

Three additional hydrants have been added this year as follows: One on Bailey Ave., one at corner of Middle and Summer streets and one on Myrtle street extension just below the cement bridge.

Three additional fire alarm boxes have been installed as follows: One at corner of Vine street and West Terrace; one at corner of North and Elm streets, and one near the General Hospital on Elm street.

Five hundred feet of hose, two new "Truss" ladders and a number of minor articles have been purchased to keep the equipment up to its general standard.

## RECOMMENDATIONS

I recommend that the town purchase helmets for the firemen, for, during the year it has been demonstrated that they are a necessity as well as a protection. At

several of the fires, slated roofs were found and it was fortunate that no record of injury was necessary for slate flying from a roof not only keeps the firemen watching but drives them away in many instances. Cases this year where helmets would have been a great assistance were at the Burns, High street school and Smith fires.

In the necessary moving of the Hook and Ladder truck and meeting room from its present quarters on Main street, I recommend the finishing of the vacant room on the top floor of the old Library building for the use of Tiger Hook and Ladder Company, as a meeting room.

I recommend that an investigating committee be appointed to ascertain the possibility of securing more water for use at fires, either by extending the dry hydrant system or enlarging the water main in the business section of the town. At the present time we have but six or seven available streams of water to fight fire with, which is inadequate to the present demand, especially if a second fire should occur and more streams be needed.

I further recommend that a committee be appointed to investigate the present need of a central fire station, to ascertain location, the cost of construction and cost of maintenance. I have recommended this before but it has now become apparent that a central fire station will be necessary in the very near future, to properly house the apparatus and facilitate fire fighting.

It has become apparent that there is now a need for a municipal building law and inspector relative to the thickly settled portion of the town at least, to prevent the possible erection of small wooden buildings or fire traps in close proximity to other and larger blocks and buildings.

I most earnestly recommend the purchase of a combination chemical engine and suggest that a special committee be appointed to purchase same.

This recommendation is very urgent, not only for the betterment of the department but for the protection of property both in the city limits and farming districts.

The fires at Claremont Junction and on the Plains at West Claremont demonstrated the urgent need of this improved fire fighting apparatus and it was positive that if a chemical engine had been in commission at the time, the ruins would not have been just standing chimneys. It has been plainly shown that a fire department is practically useless at country fires where there is no

water procurable and it is usually a case of total loss, at least to the buildings, whereas if a chemical engine was present, both of the fires mentioned could have been handled with entirely different results.

## FIRE ALARM SYSTEM

The three circuits comprising the system are all in working order and during the past year three new boxes have been installed, one at the corner of North and Elm streets, one on Elm street near General Hospital, and one at corner of Pine street and West Terrace.

There have been a great many changes on the lines owing to Telephone and Electric Light Companies resetting poles and several of the firemen having changed their place of residence where tappers had to be moved, and a tapper installed at the Sullivan Machine shop has made quite an additional expense this year.

The fire alarm system is divided into three circuits viz.: 33 alarm boxes, 19 house tappers, two 12 inch tappers and one tower tapper, motor, generator, switch board, battery of 206 cells, two automatic tape registers. Included in the number of fire alarm boxes are five private boxes.

## EQUIPMENT

The personnel and equipment of the department is as follows:

Chief engineer and three assistants.

Eagle Hose No. 1, 20 men.

Eagle Hose No. 2, five men.

Tiger Hook and Ladder Co. No. 1, 16 men.

Steamer Claremont No. 1, five men.

One Silsby rotary pump steam fire engine.

One hook and ladder truck and fittings.

One hook and ladder sled.

One hose wagon and fittings.

One hose sled.

Four hand hose reels.

Hose, 4,300 feet.

Three pony chemical extinguishers.

Drop harness for hose wagon and hook and ladder truck.

With this report I wish to express my appreciation for the general good spirit and co-operation of the public and thank my brother firemen for their diligence and kindness in the year's work, and at this opportunity I also wish to thank the Telephone Co., which has been of great assistance in many instances, and the operators' kindness in quick service when we have had urgent need of the lines.

Respectfully submitted,

C. E. SEARS, Chief Engineer.

### Engineers' Report on Fire Escapes

The following was passed and adopted at the annual town meeting March 8, 1910:

#### LAW RELATIVE TO FIRE ESCAPES

All factories, hotels, tenement houses, public halls, school houses and other public buildings used as places of public resort, more than two stories high, shall be provided with Fire Escapes to afford ample means for escape in case of fire.

The Board of Building Inspectors, consisting of the Engineers, as provided in Chapter 116 of the Public Statutes, shall at least once in each year, make an inspection of buildings as required by said chapter; shall institute the necessary proceedings to enforce said law in case of violation thereof, and make annual report of their doings as such board of Building Inspectors.

Pursuant to the above the engineers have inspected all public and private buildings in town more than two stories high used or occupied in such a manner as to require fire escapes.

By this inspection only three plants or buildings were found to be adequately equipped with fire escapes.

A communication setting forth the requirements relative to fire escapes has been mailed to all parties who

owned buildings not properly equipped, and in most cases the property owners have conformed with the law, and those that have not are making arrangements to do so.

In our inspection of buildings we have found places on the ground floor that are in need of fire exits.

It is the opinion of the Board of Engineers that the town is in need of a building inspector, and the matter of fire escapes should come under his supervision.

Respectfully submitted,

C. E. SEARS,	}	Board of Engineers.

## Report of the School Board

---

*To the Selectmen of the Town of Claremont:*

GENTLEMEN—According to the provisions of the 12th section, chapter 92, of the Public Statutes of the State of New Hampshire, we submit the following report of the public schools:

Number of weeks of school,	36
Fall term	15
Winter term	11
Spring term	10
Number of male teachers	3
Number of female teachers	28
Total number of teachers employed	31
Number of pupils attending each school:	
Pearl Street Schools,	
9th grade	37
7th grade	36
7th grade	30
6th grade	34
Kindergarten	16
Way School,	
8th grade	36
7th grade	34
5th grade	36
4th grade	47
North Street, (New)	
2d-3d grades	31
2d grade	32
1st grade	44
Kindergarten	17
North Street, (Old)	
4th grade	41
3d grade	37

Bluff,	6th grade	42
	5th grade	30
	4th-5th grades	28
High Street,	3d grade	37
	1st-2d grades	31
Broad Street,	2d grade	32
	1st grade	37
West Claremont,	4th, 5th, and 6th grades	31
	1st, 2d and 3d grades	21
Bartlett,	1st, 7th grades	19
Thomas,	1st, 7th grades	22
Puckershire,	1st-7th grades	28
Number of pupils who have attended not less than two weeks,		
		941
Number of children reported by census taker,		
		Boys, 454
		Girls, 487
Number of children who have not attended school,		
		0
Number between the ages of 14 and 21 years not able to read or write,		
		None reported
Number attending to each study:		
Reading, 998	Spelling, 832	Writing, 998
Grammar, 492	Drawing, 998	Arithmetic, 601
Geography, 432	History, 328	Music, 998
Physiology, 427	Sloyd, 173	

Respectfully submitted,

A. L. FITCH,	} School Board,
F. H. FOSTER,	
M. M. FREEMAN,	

For the school year ending July 1, 1911.

### Corrections

1911 NO.ORDER

June	22	185	A. L. Fitch, use of team taking inventory	\$4 50	
			Jos. Levenson, interpreter	1 00	\$ 5 50
